Advertising Rates and Space Details are provided on the following page

### IEEE-PELS.org Website Tile Ads

Advertising on the IEEE Power Electronics Society website, [ieee-pels.org](http://ieee-pels.org), offers an effective digital advertising channel to those specializing in power electronics. Advertising on the website is provided through a tile ad, (200x200 pixels) which rotates among active advertisers.

A report is provided to advertisers, which details daily impressions, total impressions, number of clicks, and click-through rate.

### E-Newsletter Banner Ads

The monthly IEEE Power Electronics Society E-Newsletter covers various topics pertaining to the Power Electronics Society including conferences, webinars, member news and society activities.

Banner Ads (600x90) are available in our monthly E-Newsletter. Distribution is over 24,000 e-mails worldwide each month. This e-mail blast is scheduled to go out the last Thursday of each month.

Website statistics for  
**IEEE\_PELS.org**  
from Jan. 1, 2021:

**Users**  
114,155

**New Users**  
113,176

**Sessions**  
194,921

**IEEE Power Electronics**  
Magazine
